The world was remade....

Remade in the image of the world's most dangerous mutant. **The House of M** became the ruling family on the planet. But it wasn't right. This was not the way the world was supposed to be--mutants as the dominant species. A battle broke out to put the world back together. The battle concluded – and the world was seemingly returned to **normal.**

But something went wrong...

Where there was once milions of mutants, now there are only a few hundred. Where new mutants were being born every day, **now there are none.**

Mutants.

Inheritors of the Earth.

Not anymore.

Mutant ranks were decimated on **"M-Day."** Those who had special abilities now, inexplicably, did not have the "X gene" that granted them great power. The mutants have banded together, on the verge of extinction. Any time one falls, a shudder is sent through the community. Mutants are dying. And no new mutants are arriving to take the place of the fallen.

Mutants have become, quite literally, an **endangered species.**

The feral X-Man fights alone in four standalone stories! In "The Package," Logan must escape from an army of savage killers deep in the heart of war-torn Africa – with a baby strapped to his chest! The infant daughter of an overthrown monarch is the only hope for a country's future, and the conquering warlord is determined to see her dead. Can Wolverine get her to the border alive? Or will his greatest failure doom an entire nation? In "Better To Give ..." a heavily armed suicide cult – clad in elf outfits – has taken hostage a mid-Manhattan department store on Christmas Eve and is threatening to blow the place sky high. Among the shoppers: Logan, who's just itching to sink his (Santa) claws into someone after enduring the Yuletide rush. Should be easy for a damn-near invulnerable force of nature to save the day, right? Think again. All is not as it seems, as a spoiled billionaire's daughter is about to find out, and the true meaning of Christmas will be spelt out... in blood. In "The House of Blood and Sorrow," Wolverine lies at the edge of death in a rural Nebraska cornfield after crashing to Earth in the wake of a clash with a giant robot at the edge of the atmosphere, lapsing in and out of a coma as his body desperately tries to heal. And that's when things really get bad. The men who sent the robot to destroy Wolverine have come to finish the job. The townsfolk who witnessed the crash have gathered up a mob to hunt down and destroy the alien that's landed. And Wolverine's fate just might rest in the hands of the strange little girl who first found him in that dark cornfield. A strange little girl with an affinity for taking care of odd creatures – and whose family holds a deep, dark secret hidden from the light of day. And in "The Healing," Logan lies gutted in a Northwest forest, surrounded by wolves and clinging onto hope and sanity as his body goes about the complicated work of repairing itself. It's not as easy as you might think. Collecting WOLVERINE #41 and #49, GIANT-SIZE WOLVERINE #1, and X-MEN UNLIMITED #12.

Penciled by AARON LOPRESTI, KHOI PHAM, CARMINE DIGIANDOMENICO, DAVID YARDIN & DAVE WILKENS
Cover by AARON LOPRESTI

Marvel once again poses the question, "What If...?" In "The Other," Peter Parker returned from the dead and embraced his "inner spider." But what if he had been completely consumed by his inner, bestial impulses and became more spider than man? "Disassembled" was the darkest day in Avengers history. But what if the greatest threat had gone undetected? Hydra made Wolverine an "Enemy of the State." But what if the world's deadliest killing machine was never de-programmed? In "Deadly Genesis," Professor X sent a secret squad of young mutants to the living island, Krakoa, in an ill-fated attempt to rescue the original X-Men before he formed the now-famous All-New, All-Different team. But what if this second team had survived? Attempting to slay Magneto Legion accidentally killed Professor X, giving rise to the "Age of Apocalypse." But what if Legion killed both Magneto and Xavier, leaving no leader to create any incarnation of X-Men to resist the onslaught of Apocalypse? Collecting WHAT IF? AVENGERS DISASSEMBLED, SPIDER-MAN THE OTHER, WOLVERINE ENEMY OF THE STATE, X-MEN AGE OF APOCALYPSE and X-MEN DEADLY GENESIS.

PARADISE X VOL. 1 TPB (NEW PRINTING)

Written by JIM KRUEGER & ALEX ROSS
Penciled by DOUGIE BRAITHWAITE, BILL REINHOLD, STEVE PUGH, STEVE YEOWELL & BILL SIENKIEWICZ
Cover by ALEX ROSS

In EARTH X, Captain America, the Fantastic Four, Thor, the Hulk and the X-Men discovered that their purpose - and the meaning of all super heroes and mutated people in the universe – was nothing more than to protect their host planet, in this case Earth, from outside invasion. They learned super heroes are merely biological antibodies to protect a growing embryo within the Earth. An embryo for the Celestial race. This is the way these Gods fought back – only to cause a terrible ecological imbalance, a rift at its core that in time would wipe out all life on the planet. In UNIVERSE X, Captain Marvel was reborn on Earth years after his death. But he also still claimed to walk in the realm of the unliving, where Earth's fallen champions still exist. Mar-Vell led a team of heroes in a quest for the greatest weapons of mass destruction on Earth, suggesting this would limit the destruction caused by the growing power struggle on the planet. But this was not the only reason. For his crusade on Earth only supported and armed a battle he fought in the realm of the fallen, a battle against Death herself. Those living champions who died in his collection of artifacts were added to the battle raging in this other realm. Mar-Vell led a charge against Death and killed her. But now that Death is dead, no one will ever die again. They may writhe in pain in hospitals because their bodies have been broken beyond repair, but they will not die. They will call out for an end to their suffering. They will cry out for peace but there will be no answer. Paradise will be denied them. Yes. Death is truly dead. Long live the living. Collecting PARADISE X #0-5, PARADISE X: XEN and HERALDS #1-3.
